ABOUT ME

I am an Enterprise UX/UI Designer with a hybrid education background and proven experience. With over a decade of experience in the industry, I have experience leading product from 0 to 1, taking them from initial concept to successful launch. My strong collaboration skills with stakeholders and teams enable me to navigate challenges and deliver impactful solutions.

Principal UX/UI Designer

ESRI, Inc, Redlands, CA, 07/18 to Present

• Lead the redesign of ArcGIS Monitor project, partner with the product stakeholders on review and redesign the existing workflows and UX patterns.

• Lead the design and implementation/customization of ArcGIS Hub Sites projects for commercial, governments and non-profit organization customers.

• Lead the learning initiative within the department for ArcGIS Hub Sites best design practices and processes.

• Worked as a design consultant within the department to support and promote user-centered design process for various projects, such as ArcGIS Online, Ops Dashboard, StoryMap, Experience Builder, WebApp Builder and etc.

UX/UI Specialist

Inverse-Square, Indianapolis, IN, 06/17 to 07/18

• Worked as a solo designer in the firm to lead UX/UI/product design in the software development team, collaborated with developer, sales, BA and QA team on agile initiatives to deliver user-centered design solutions.

• Created low-fidelity, high-fidelity and interactive software system prototypes, conducted rapidly design iterations and assisted development team to create HTML and SCSS front-end framework in Angular based projects.

CIRTL Teaching Assistant & Advisory Board Member

Center for Teaching and Learning (CTL), IUPUI, 07/16 to 05/17

• Designed and developed The Center for the Integration of Research, Teaching, and Learning (CIRTL)@IUPUI official website.

• Conducted library research and data collection for graduate teaching programs.; Designed and prepared digital and physical program materials.

• Assisted in implementing CIRTL programming activities and TA orientation & training.

Graduate Teaching Assistant - Intro to Web Dev

School of Informatics and Computing (SOIC), IUPUI, 08/15 to 05/17

• Led computer lab and assisted Prof. Todd Shelton to teach web design by using HTML, CSS and fundamental Javascript & jQuery; mentored more than 120 IU students.

Architectural Executive

DP Architects Pte Ltd, Singapore, 09/11 to 08/15

• Played as key designer and coordinator on large-scale mixed-use development, hospitality, shopping mall, and residential projects.

• Conducted feasibility studies, developed design concepts, and prepared presentations and submission packages. Produced 2D/3D architectural drawings using AutoCAD, SketchUp, and Revit, while leveraging graphic design skills to enhance client experience and engagement.

• Worked as project manager to liaise with clients, authorities, operators, local design institutes and other consltants (Urban Planning, Structure, MEP, Landscape, FF&E, Curtain Wall System and etc).
